

## **ERRATA**

**Page 18, chapter 3.2.1, row 22** should read: “Grazing on spores was strong at both the water depths in the littoral zone (I).”

**Page 23, right column, last sentence** should read: “...the enclosed perch ate more in deep than in shallow water (II)”.

**Page 25, chapter 3.5.1, last sentence** should read: “However, as grazing was strong in the shallow water (see 3.2.1), nutrient enrichment, also under grazer presence, did not cause considerably higher densities of fast-growing annual macroalgae in shallow than deep water (I, II).”
